

CERTIFICATE OF THE FACTORY PRODUCTION CONTROL

No. SRV/021/2020

Product: FeMn fume

Producer: OFZ, a. s.
Široká 381, 027 41 Oravský Podzámok
Slovak Republic

Manufacturing plant: OFZ, a. s.
Široká 381, 027 41 Oravský Podzámok
Slovak Republic

Application of product:

FeMn fume is a by-product of the ferromanganese (FeMn) production in electric arc furnace (EAF).
FeMn fume is used in its original undensified form; micropelletized or as secondary raw material in form of briquets for manufacturing ferroalloys; as secondary raw material in production of iron and non-ferrous metals; within own consumption by manufacturer – as raw material for making manganese ferroalloys.

Products shall comply with the declared characteristics and with all of the technical performances listed in the Technical Data Sheet Sheet No. TL-008-SK (effective from February 24, 2025) and in the Product Safety Data Sheet No. KBU-008-SK (effective from March 10, 2025).

Products shall comply with the requirements of the Regulation (EC) No. 1907/2006 of the European Parliament and of the Council as amended. Hygiene and health aspects, means of storage and transport are all described in the Technical Data Sheet Sheet No. TL-008-SK and in the Product Safety Data Sheet No. KBU-008-SK.

Inspection Body performed the initial inspection of the factory production control and performs periodical inspections according to procedures of the Inspection Body. This certificate attests that all provisions concerning the assessment and verification of constancy of performance described in the document Technical Data Sheet for FeMn fume No. TL-008-SK and in the Product Safety Data Sheet No. KBU-008-SK are applied and that

the factory production control is assessed to be in conformity with the applicable requirements.

This certificate was first issued on 20. 01. 2020 under the Report of initial inspection.

The validity of the certificate: unlimited.

This certificate will remain valid as long as neither declared essential characteristics of product nor the manufacturing conditions in the plant are modified significantly, and unless suspended or withdrawn by the Inspection Body.

The validity of the certificate may be confirmed by contacting e-mail address: qualiform@qualiform.sk.

Notice: Continuous surveillances of factory production control as the part of certification, which confirm the validity of this certificate, are performed at least once in 12 months.

In Bratislava, 24. 03. 2025

Ing. Jana Hozzová
Head of the Inspection Body
