**Application of product:**

CaSi fume is a by-product of the FeSiCa production in electric arc furnace (EAF).

CaSi fume is used in its original undensified form; partially densified; densified; micropelletized or as secondary raw material in form of briquets for manufacturing ferroalloys; as secondary raw material in production of iron and non-ferrous metals; as secondary raw material in secondary production of ferroalloys; as component in casting powders LP 31.K/LP 32.BA; for clinker production in cement industry; within own consumption by manufacturer – CaSi fume and product made by remelting CaSi fume as raw material in the process of making FeSiCa alloy. Product **does not comply** with the requirements of the STN EN 16622:2020.

Products shall comply with the declared characteristics and with all of the technical performances listed in the Technical Data Sheet No. TL-009-SK (effective from February 24, 2025) and in the Product Safety Data Sheet KBU-009-SK (effective from March 10, 2025).

Products shall comply with the requirements of the Regulation (EC) No. 1907/2006 of the European Parliament and of the Council as amended.

Hygiene and health aspects, means of storage and transport are all described in the Technical Data Sheet Sheet No. TL-009-SK and in the Product Safety Data Sheet No. KBU-009-SK.

Inspection Body performed the initial inspection of the factory production control and performs periodical inspections according to procedures of the Inspection Body. This certificate attests that all provisions concerning the assessment and verification of constancy of performance described in the document Technical Data Sheet for No. TL-009-SK and in the Product Safety Data Sheet No. KBU-009-SK are applied and that

**the factory production control is assessed to be in conformity with the applicable requirements.**

This certificate was first issued on 20. 01. 2020 under the Report of initial inspection.

The validity of the certificate: unlimited.

This certificate will remain valid as long as neither declared essential characteristics of product nor the manufacturing conditions in the plant are modified significantly, and unless suspended or withdrawn by the Inspection Body.

The validity of the certificate may be confirmed by contacting e-mail address: [qualiform@qualiform.sk](mailto:qualiform@qualiform.sk).

Notice: Continuous surveillances of factory production control as the part of certification, which confirm the validity of this certificate, are performed at least once in 12 months.
